Gibson, B. (April 2002). **The Hippocratic Oath: Is a revision of the Hippocratic Oath Necessary or is it still applicable for today's society?** USF Library.

Continuing Education/Speaking Engagement/Participation

The Latest on Hearing Loss Research. Presenter: Bay Medical Center Grand Rounds. Bay Medical Center Hospital. March, 2012.

Case Presentation of Petrous Apex Cholesteatoma in a 21 Year Old with Good Hearing. Presenter: Otolaryngology Conference. New York Eye & Ear Infirmary. April 5, 2011.

Triological Eastern Section Resident Research Day Symposium. Guest Speaker: The Role of Connexin 32 (Cx32) and Hearing Loss in Charcot-Marie-Tooth Syndrome (CMTS). Cornell University. Presentation Date: June 18, 2011.

Role of Connexin 32 (Cx32) and Hearing Loss in Charcot-Marie-Tooth Syndrome (CMTS).

Manuscript submitted to Laryngoscope for the Combined Otolaryngological Spring Meeting 2011 for Annual Meeting in Chicago in April 2011; Poster Presentation Date: July 2011.

New York Eye & Ear Infirmary Facial Plastics Conference. Presented Lip and Periocular Reconstruction. September 28, 2010.

New York Eye & Ear Infirmary Facial Plastics Conference. Presented Aesthetic Facial Proportions and Aesthetic Facial Analysis. September 14, 2010.

5th Annual Metropolitan New York Resident Research Day Symposium. Guest speaker: The Role of Connexin 32 (Cx32) and Hearing Loss in Charcot-Marie-Tooth Syndrome (CMTS). July 23, 2010.

New York Eye & Ear Infirmary Monthly Grand Rounds. July 2006 – June 2011.

New York Eye & Ear Infirmary Research Conference. Presented Oral Presentation & Manuscript submitted to COSM Annual 2011 Meeting and Laryngoscope. April 2010.

Westchester Medical Center Monthly Trauma Conference. July 2008 – December 2009.

Sudden Sensorineural Hearing Loss and Intratympanic Steroid Injection Case Presentation. Otolaryngology Conference, New York Eye & Ear Infirmary, June 2008. Speaker and Presenter.

Traumatic Tympanic Membrane Perforation Second to Ear Candling Case Presentation. Otolaryngology Conference, New York Eye & Ear Infirmary, June 2008. Speaker and Presenter.

Chronic Serous Otitis Media, Getting Back to the Basics. Otolaryngology Conference, New York Eye & Ear Infirmary, May 2008. Speaker and Presenter.

Cervical Adenopathy in Pediatrics. Pediatrics Conference, New York Eye & Ear Infirmary, May 2008. Speaker and Presenter.

Acoustic Neuroma Versus Internal Auditory Canal Inflammation Case Presentation. Vestibular Conference, New York Eye & Ear Infirmary, April 2008. Speaker and Presenter.

Tympanic Membrane Perforation Case Presentation. Otolaryngology Conference, New York Eye & Ear Infirmary, April 2008. Speaker and Presenter.

Head & Neck Tumor Board. Case presentations of 1) adenoid cystic carcinoma of the parotid and 2) sphenoid sinus mass. New York Eye & Ear Infirmary, December 2007. Speaker and Presenter.

Head & Neck Tumor Board. Case presentations of 1) recurrent moderately differentiated squamous cell carcinoma of supraglottis, 2) recurrent intranasal basal cell carcinoma, 3) metastatic papillary thyroid carcinoma, 4) basal cell adenocarcinoma of the parotid, 5) repair of left facial paralysis second to Mohs surgical excision, and 6) recurrent ameloblastoma. New York Eye & Ear Infirmary, November 2007. Speaker and Presenter.

Head & Neck Tumor Board. Case presentations of 1) nasal myxoma, 2) basal cell adenoma of the parotid, 3) metastatic melanoma with unknown primary, and 4) MEN 2 syndrome. New York Eye & Ear Infirmary, October 2007. Speaker and Presenter.

Deep Neck Space Infections. Head & Neck Conference, Beth Israel Medical Center, September 2007. Speaker and Presenter.

Ludwig's Angina. Beth Israel Medical Center Emergency Room Monthly Academic Conference. February 2007. Speaker and Presenter.

Who should be doing a thyroidectomy? General Surgery Journal Club, Beth Israel Medical Center, January 2007. Speaker and Presenter.

An injectable form of esterified hyaluronic acid gel (Seprigel[®]) is a safe and effective packing material for middle ear wound healing in the guinea pig (Poster). The Toronto Academy Meeting (AAO-HNS). Toronto, Canada. September 2006.

An injectable form of esterified hyaluronic acid gel (Seprigel[®]) is a safe and effective packing material for middle ear wound healing in the guinea pig (Poster). The Florida State University College of Medicine Annual Research Meeting. Tallahassee, Florida. March 2006.

An injectable form of esterified hyaluronic acid gel (Seprigel[®]) is a safe and effective packing material for middle ear wound healing in the guinea pig (Poster). The Association of Research in Otolaryngology (ARO) Annual Meeting Feb. 5th-9th. Baltimore, Maryland. Midwinter 2006 Annual ARO Meeting.

Sentinel Node Biopsy Verses Axillary Node Dissection in Breast Cancer Staging. Baptist Hospital. Tumor Board. March 23, 2005.
